## अनुभव प्रमाण पत्र / EXPERIENCE CERTIFICATE

1. Name : Ashmila Ashraf
2. Address : Emirates Mahal, 21/684-A, Anjarakandy P.O., Kannur - 670612
3. Staff No. : 346878
4. Group : Emerging Technologies Group
5. Date of joining : 22.06.2023
6. Designation : Project Engineer
7. Date of Leaving : 02.02.2026
8. Reason for Leaving : Resignation
9. Monthly Remuneration : Rs. 43328/-
10. Brief Description of work :

She has actively contributed to the ERSS-1.0 and ERSS-2.0 projects as a Full Stack Developer, with expertise in the design, development and deployment of end-to-end secure web applications using ReactJS, Spring Boot, Node.js, Python, Java and PostgreSQL, with a focus on application security engineering and security testing across multiple ERSS modules. Designed and developed real-time monitoring dashboards, API-driven data visualization and timeline platforms, geospatial mapping features and reporting systems, which are currently in use across multiple States and Union Territories. Responsibilities included implementing application level security controls, such as Keycloak-based Single Sign-On, Role-Based Access Control, API key authentication, RSA/AES encryption, HttpOnly cookies, secure session management, IP based rate limiting with account lockout and adherence to OWASP secure coding standards. Possesses hands-on experience in Vulnerability Assessment and Penetration Testing for web applications, performing security testing across UI, APIs, source code and third-party dependencies using tools such as Burp Suite, Snyk & Bandit (SAST/SCA) and Postman, including vulnerability identification, reporting and remediation validation. Managed deployments on RHEL servers, including configuration and maintenance of NGINX, WildFly and Syslog-ng–based centralized logging infrastructure.

11. Character & Conduct : Excellent
